Gilliam County SWCD Zone Boundary Descriptions

Zone 1:

- Begin at the SE corner of section 12, T1S, R22E, on the east district boundary.
- Follow said east district boundary north to the intersection with the north district boundary, which is the meandering south shoreline of the Columbia River.
- Follow said north district boundary in a westerly direction to the intersection with the west district boundary, which is the center of the John Day River.
- Follow said west district boundary in a southeasterly direction to the intersection with the south line of section 10, T1S, R19E.
- Go east approximately 20 ½ miles along town lines to the point of beginning.

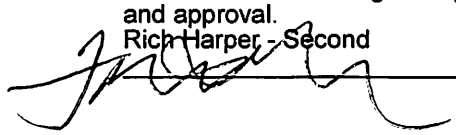

Zone 2:

- Begin at the SE corner of section 12, T1S, R22E, on the east district boundary.
- Follow said east district boundary south to the intersection with State Highway 206.
- Follow State Highway 206 in a westerly direction to the intersection with Richmond Lane.
- Follow Richmond Lane in a westerly direction to the intersection with the south line of section 7, T4S, R19E.
- Go west approximately 3 miles to the west district boundary, which is the center of the John Day River.
- Follow said west district boundary in a northerly direction to the intersection with the south line of section 10, T1S, R19E.
- Go east approximately 20 ½ miles along town lines to the point of beginning.

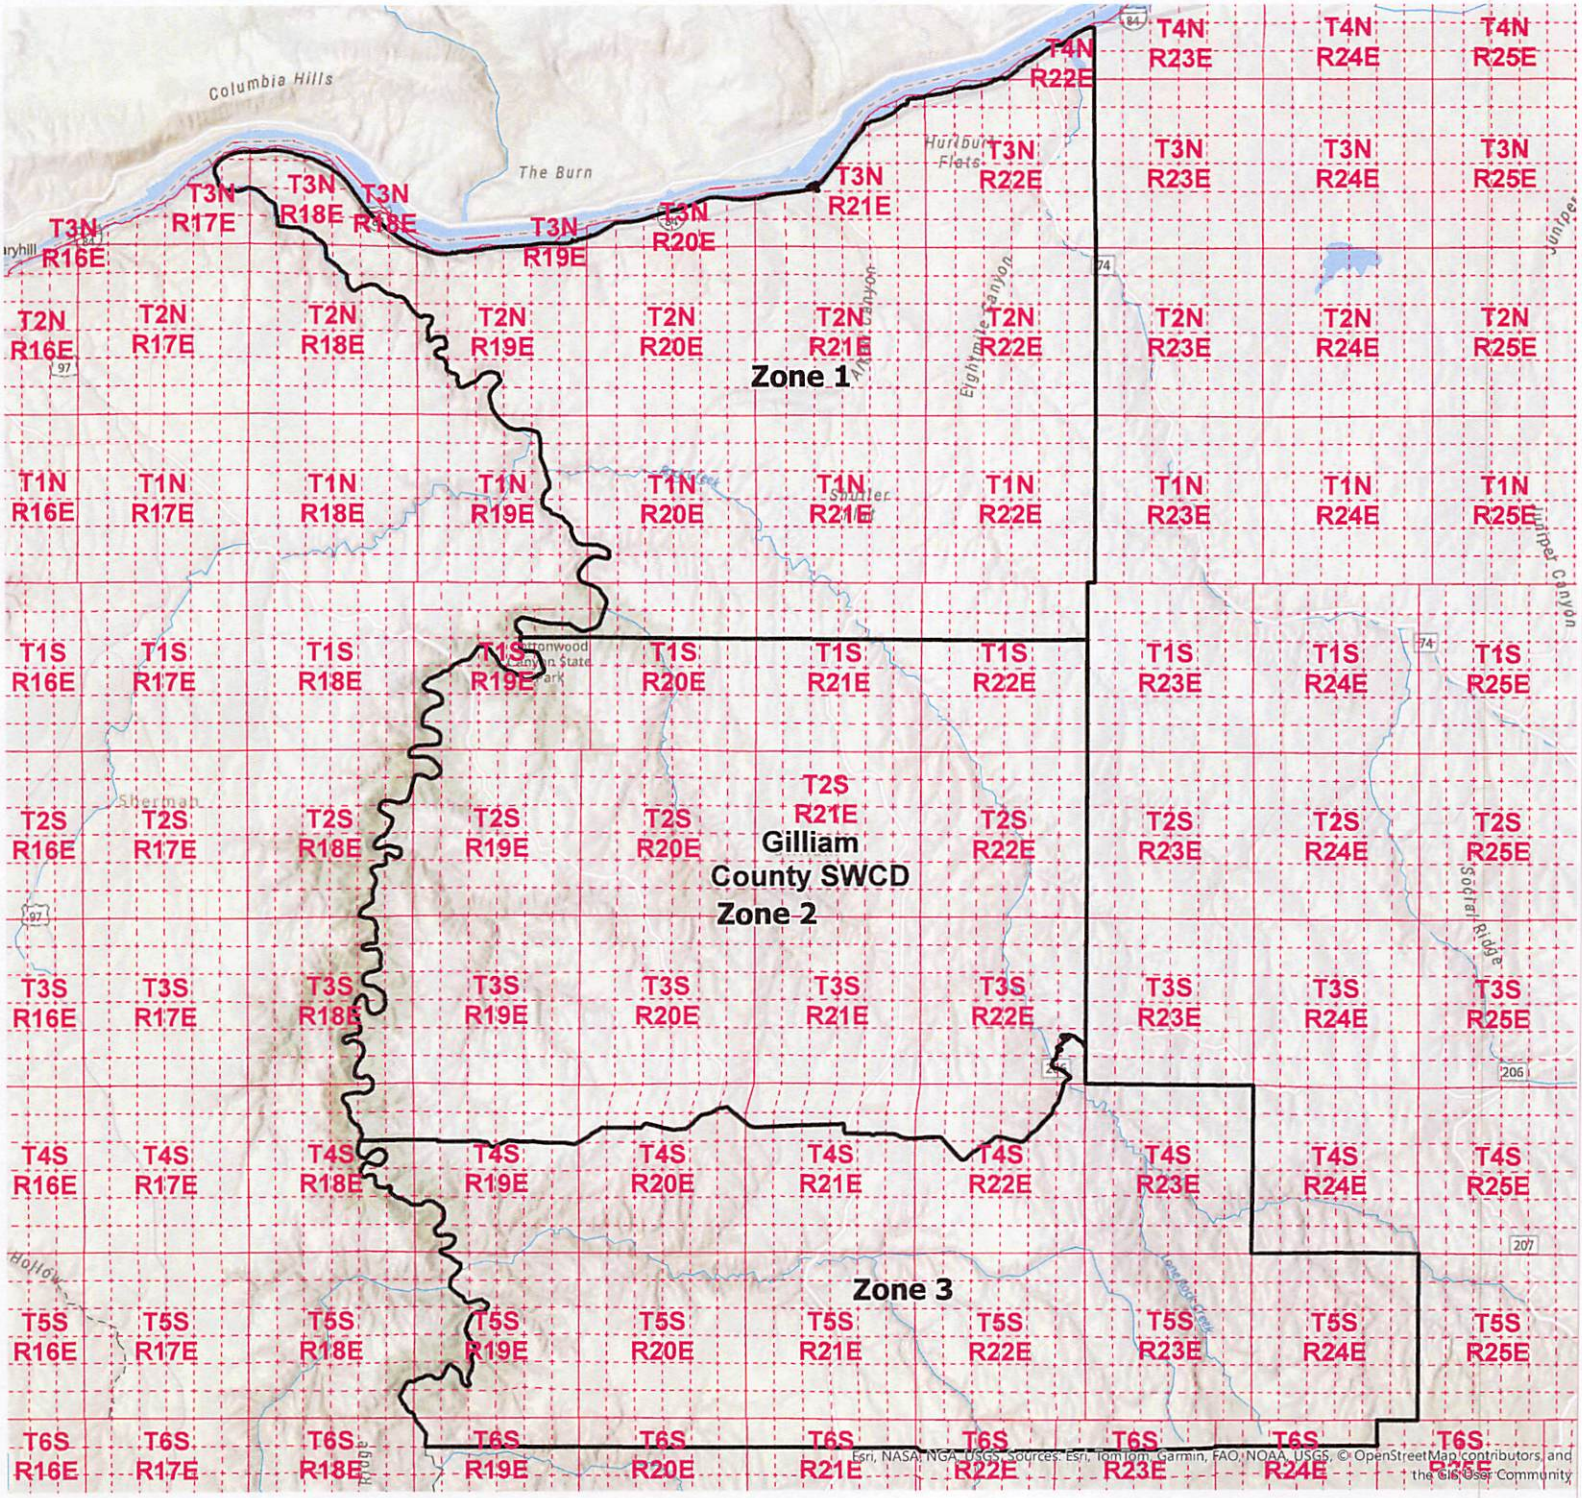

Zone 3:

- Begin at the intersection of the west district boundary (or center of the John Day River) and the south line of section 11, T4S, R19E.
- Go east approximately 5 ½ miles along section lines to the intersection with Richmond Lane.
- Follow Richmond Lane in an easterly direction to the intersection with State Highway 206.
- Follow State Highway 206 in an easterly direction to the east district boundary, which is the east line of T3S, R22E.
- Follow said east district boundary in a southeasterly direction to the intersection with the south district boundary, which is the SE corner of T5S, R24E.
- Follow said south district boundary in a westerly direction to the intersection with the west district boundary, which is the center of John Day River.
- Follow said west district boundary in a northerly direction to the point of beginning.

John Anderson moved that the Gilliam County Soil and Water Conservation District Board approve the proposed director-zone boundary revisions presented at this meeting as providing more proper and equitable representation among the District's zones, and authorize the Board Chair and District Manager to submit the revised map, explanation, meeting minutes, and supporting documents to the Oregon Department of Agriculture for review and approval.
Rich Harper - Second

Board Chair 08/13/2026
